Pam Ruch: 610-253-4432 ext.110; pruch@nurturenaturecenter.org

February 21 | STARTING SEEDS INDOORS:

Join Pam Ruch and Sophia Feller for a hands-on seed-starting workshop! Learn tips for how and when to grow robust flower and vegetable transplants.

February 28 | RAISED BED GARDENING:

Master Gardener Lynn Dautrich will discuss soil preparation, "grow tunnels," and other techniques for successful raised bed gardening.

March 7 | INSECTS IN THE GARDEN:

Don't reach for a spray every time you see a garden insect! Pam Ruch will talk about predator-prey relationships in the garden, and explain how to recognize and encourage a healthy balance.

March 14 | PRUNING LANDSCAPE TREES AND SHRUBS:

Master Gardener John Drabic will take the mystery out of pruning. He will discuss tools and techniques, when you can do-it-yourself, and when you should consult a pro.

AFTERNOON WORKSHOP IN THE GARDEN:

April 22, 1 p.m.

Spring workshop in the garden: Creative Containers! Have fun with containers. Bring your own or purchase one that we'll have on hand. Fill it with soil, seeds, and plants, and take it home to beautify your patio or doorstep.
